

## **PRESS RELEASE –October 17, 2016**

### **MindLeaf Technologies, Inc. Joins Military Spouse Employment Partnership**

MindLeaf is proud to announce its participation in the Department of Defense Military Spouse Employment Partnership. The Military Spouse Employment Partnership is an employment and career partnership connecting military spouses with more than 335 partner employers who have committed to recruit, hire, promote and retain military spouses in portable careers.

MindLeaf officially joined the Military Spouse Employment Partnership on Oct. 17, 2016, at the annual Induction Ceremony held at the United States Chamber of Commerce in Washington, DC. Dr. Jill Biden launched the Military Spouse Employment Partnership on June 29, 2011, to serve spouses from all military services. The partnership is part of the Department of Defense broader Spouse Education and Career Opportunities program, which seeks to reduce the 23 percent unemployment rate experienced by military spouses and close the 25 percent wage gap currently experienced by military wives.

By joining the Military Spouse Employment Partnership, Mindleaf is becoming part of an even larger collective effort to support military spouse employment.

For more information about how MindLeaf is working to support military spouses in fulfilling their career goals, visit [www.mindleaf.com/careers](http://www.mindleaf.com/careers).
